### 2020 Flu Vaccination Clinic Schedule

This year, to help families meet the influenza vaccination requirements for children attending school, the Arlington Health Department will be hosting a series of flu clinics for children ages 6 months to 18 years old.

These clinics will be open to any school-age child living in the Town of Arlington. To ensure proper social distancing, a reservation will be required for each child receiving a vaccine. Those without reservations will not be able to attend that clinic.
